Statistics Bureau, Ministry of Internal Affairs and Communications, **Report on the National Census**

Notes: 1) Population figures from 1950 to 1990 are from the national census. The population is as of October 1 of each reference year.

2) Totals for 1980 and after include population of unknown age.

3) This is for Japanese nationals and does not include foreign nationals in Japan. From 1980, Okinawa is also included.
