Source: Ministry of Health, Labour and Welfare, *Annual Report on Employment Insurance Activities, 2012*

Notes: 1) Figures are as of the end of each fiscal year.

2) From fiscal 1985 on, this includes continuously insured older people.

3) This shows the monthly average.

4) Extended benefits and special case training are excluded (only a predetermined number of days of benefit).

5) The beneficiary rate is calculated as follows: beneficiary rate = recipients of basic allowance / (insured workers + recipients of basic allowance) x 100 (%)
