- Notes: 1) The major enterprises surveyed are, as a rule, those listed in the First Section of the Tokyo Stock Exchange or Osaka Stock Exchange that are capitalized at 2 billion yen or more, have 1,000 or more employees, and have labor unions. The small and medium scale enterprises surveyed are approximately 8,000 enterprises that have fewer than 300 employees and have labor unions.
- 2) Figures for major enterprises for 1979 and earlier are simple averages per enterprise, and from 1980 they are weighted averages based on union membership per enterprise. All figures for small and medium scale enterprises are simple averages per enterprise.
- 3) Annual increase rates in lump-sum payments over the previous year were calculated from the increase rates for enterprises for which the figures from the previous year for the same enterprise could be compared. Increase rates are not determined by comparison of the agreed increase for the current year with that of the previous year.
- 4) Compilations include NTT and Japan Tobacco Incorporated, construction and services from 1987, and the seven JR corporations from 1988.
- 5) The survey for small and medium scale enterprises was abolished after FY 2008.
